

# Lovelight

ABBA

I've always hated my room  
It's so gloomy and dreary  
Always too dark  
For the windows just face the back yard  
So I can't understand how it's happened,  
How everything's changing  
This old dirty ceiling seems a little whiter  
When you walked into the room,  
It all got so much brighter

You must have a lovelight  
Everything around you is lovelight  
And I can feel your love anywhere  
Baby, even when you're not there  
The lovelight  
Everything around you is lovelight  
You're shining like a star in the night  
I won't let you out of my sight  
I don't wanna lose you  
I don't wanna lose your lovelight

How I remember the first time we went to a movie  
We had decided to meet on a corner downtown  
And I waited there when you came up from behind  
And you kissed me  
And the traffic seemed to get a little lighter  
When you came into my life  
It all got so much brighter

You must have a lovelight  
Everything around you is lovelight  
And I can feel your love everywhere  
Baby, even when you're not there

The lovelight  
Everything around you is lovelight  
You're shining like a star in the night  
I won't let you out of my sight  
I don't wanna lose you  
I don't wanna lose your lovelight

And I feel so good  
And I feel so right  
And I know that  
You must have a lovelight

You've got lovelight  
And I can feel your love anywhere  
Maybe even when you're not there  
You've got lovelight  
Everything around you is lovelight  
You're shining like a star in the night  
I won't let you out of my sight  
I don't wanna lose you  
I don't wanna lose your lovelight

Everything about you is right

Let it glow and let it be bright  
I don't wanna lose your lovelight  
Shining like a star in the night
