

## Sleep Sweet Lucien

ABBand

You're quietly lying after the kiss of a vampire  
Poison's boiling in your veins  
Lonely dreams are all that one can try  
Your future life is full of pain

The deal was clear, I wasn't cruel  
One little kiss and you are mine  
You're paying a tax for the undead human  
And I'm standing close behind

Sleep sweet Lucien  
I've done what I've done  
Sleep sweet Lucien  
I know what you've become

For immortals life is changing  
They have all voted what to be  
Future days are neverending  
Do you dream about it in your dreams

Sleep sweet Lucien...
