Abbath

Tear the veins from ivory limb  
Smooth as shards of porcelain  
Slip between the talons  
Raking guts across the coals  
Clamp teeth 'pon burnished knuckles  
Bite down hard! Don't let go!

They owe you what you are!  
Pay in blood for every scar!  
Bathe in spray of überflow  
In Maestrobator's afterblow

Bind your wounds with crimson wires  
Knot your bone quench desires  
They owe you each last drop!  
Of ejaculate crotch shot!  
The damned will dance on every grave  
Chastity shall misbehave

Slip between the talons  
Raking guts across the coals  
Clamp teeth 'pon burnished knuckles  
Bite down hard! Don't let go!

Laterigrade's the way to grow  
Claim the stage—the realm I know  
Striving high—swooping low  
Stride out wide enslave the show!
