

Greener

Abbey Cone

Sometimes I still look at your horoscope
To see what's in the stars for you
I know that I don't have to care anymore
After everything you put me through
But I just accidentally fell in love with somebody
Feeling for the first time what it's supposed to feel like
And I just kinda hate you, but I also really loved you
So I mean it when I say

I hope you find someone new
It makes you realize how wrong I was for you
I hope it feels like it was meant to be
Like it all makes sense, like you can finally breathe
I hope it's all the sweeter when you finally meet her
And you see the grass was always greener

We made it harder than it had to be
But how are we supposed to know?
Mm, it's only now that it's so easy to see
I did the best thing in lettin' go
And if she holds you like he holds me
There's no way you'll still be lonely
You'll never have to say, "I'm the one that got away"
And yeah, I kinda hate you, but I also really loved you
So I mean it when I say

I hope you find someone new
It makes you realize how wrong I was for you
I hope it feels like it was meant to be
Like it all makes sense, like you can finally breathe
I hope it's all the sweeter when you finally meet her
And you see the grass was always greener

On the other side, you'll see it if you give it time
Greener on the other side, hope you see it, hope you give it to me

I hope you find someone new
It makes you realize how wrong I was for you
I hope it feels like it was meant to be
Like you can finally breathe
I hope it's all the sweeter when you finally meet her
And you see the grass was always greener
