

# Isolation

Abbey Glover

You might as well put me on a shelf  
In a shop  
'Cause it seems like I'm everyone's toy  
I wish I weren't  
Go on, I insist  
Pick me up like a kid  
And play for a while til you get bored of me  
Smoke me like a cigarette  
Until I'm all gone  
Maybe I'm better off being all alone  
'Cause everyone I've met up until now  
Has always left me

Maybe I'm too much  
Never the person people wanted  
Or dreamed of  
Closed up on myself  
Isolation's not good for me  
Isolation makes me over think things  
And it's true love really does make you blind  
'Cause I can't see clearly now  
Have I lost my mind?

Pull my heart out of my chest  
And break it  
'Cause it seems like it's what you do best  
And later when I'm bored and all alone  
I can try to fix it  
You dug a hole  
Filled with anger and called it love  
You made my fall right into it  
With your hands and a nice shove  
It's so deep and I can't get out  
And people tease me with ropes and ladders all the time  
I'm stuck down here and it's your choice and not mine

Maybe I'm too much  
Never the person people wanted  
Or dreamed of  
Closed up on myself  
Isolation's not good for me  
Isolation makes me over think things  
And it's true love really does make you blind  
'Cause I can't see clearly now  
Have I lost my mind?

Please let me out of here  
I'm begging  
I'm begging you dear  
Never really asked for much baby  
Can you do this one thing for me  
Set me free  
'Cause I don't wanna be loving  
I don't wanna be loving you  
Don't wanna be loving  
Don't wanna be loving you no more

Maybe I'm too much  
Never the person people wanted  
Or dreamed of  
Closed up on myself  
Isolation's not good for me  
Isolation makes me over think things  
And it's true love really does make you blind  
'Cause I can't see clearly now  
Have I lost my mind?
