

YOUR GIRLFRIEND

Abbey Glover

I'm not always as nice as I seem
The dark side of me I hope that you'll never see
'Cause I'm a bad girl
And your girlfriend likes you less than she likes me

You and me, we'll never be great friends you know
And I don't see anything wrong
With getting along with your girl
While you're sitting all alone
In your living room glued to your phone

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me

I'm hers, she's mine
Fingers intertwined
She's got no need to be scared
'Cause when she needs me
I'm always, always there
I'm better, so much better
So much better than you
You can't deny it
We both know
We both know it's true

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me

I know it's wrong of me
I know it's wrong
I know it's wrong of me
I know it's wrong
I know it's wrong of me
I know it's wrong
But you can't stop me now

I'm having too much fun

I know it's wrong of me
I know it's wrong
I know it's wrong of me
I know it's wrong
I know it's wrong of me
I know it's wrong
But you can't stop me now
I'm having too much fun

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me

You're calling her while she's with me
But she won't pick up
'Cause we're as happy as can be
You think she's at a bar with friends or family
But really she's just spending
All her time with me
