So trouble comes strolling through the door But anything worth having`s worth fighting for Fiction or fact you`ll supply the plot We`ll both be featured - like it or not

Yes I guess you think I'm stupid and brutal I should confess that the feeling is mutual

It's not between the devil and the deep blue see
Not between the truth and hypocrisy
Not between freedom and democracy...
But between you - between you...
Between you and me
Between you - between you...
Between you and me

The stars and stripes meet the hammer and sickle Not for honour but roubles and nickles It ain`t fisticuffs, it`s a full scale war Your secrets no secret anymore

Yes I guess you think I'm stupid and brutal I should confess that the feeling is mutual

It's not between the devil and the deep blue see Not between the truth and hypocrisy
Not between freedom and democracy...
But between you - between you...
Between you and me
Between you - between you...
Between you and me

So trouble comes strolling through the door...
