

# One Way Traffic

ABC

Bet I underestimate you  
That I fail to realize  
That I ever get to taste you  
Believe me I've tried

(I'd never late you down baby, I'd never let you down)

Did I ever try to betray you?  
Believe me I've tried, leaves me tongue-tied

Your question, go ask it  
You snap back, like elastic  
Go risk it, or relax it  
When all I got's this  
All I got's this:  
One way traffic  
One way traffic

Do you truly think I hate you?  
Did I ever make you cry?  
Do you think that I'd replace you?  
Believe me I've tried  
Believe me I die, yea

Your question, go ask it  
You snap back, like elastic  
Go risk it, or relax it  
When all I got's this  
All I got's this:  
One way traffic  
One way traffic

(One way traffic...)

Your question, go ask it  
You snap back, like elastic  
Go risk it, or relax it  
When all I got's this  
All I got's this:  
Your question, go ask it  
You snap back, like elastic  
Go risk it, or relax it  
When all I got's this  
All I got's this:  
One way traffic, One way traffic

(One way traffic... your question... go ask it...)
