

Ride

ABC

Space between your dream, about a mile wide
Don't think about the road ahead, just enjoy the ride

Ride

Time to change your scene, you've got no place to hide
Put down that magazine, there's a world outside

Ride

Ignition, keys inside
Transmission, you can drive
Inhibition, is suicide
Come on baby, let's take a ride

Ride

Riiiide, ride
Riiiide

Drink a cappuccino, a bullet in your gun
Hey there valentino, you're not the only one

Ride, riiiide

Space between your dream, about a mile wide
Don't think about the road ahead, just enjoy the ride

Ride, riiiide

Ignition, keys inside
Transmission, you can drive
Inhibition, is suicide
Come on baby, let's take a ride

You took a touch too much, of the sweet sweet stuff
Maybe you don't love yourself enough Ride, riiiide
Ride, riiiide

You like starsky, I like Hutch...
