

Dance With Me

Abe Parker

Five o'clock on a Friday
Georgia pine is in the air
My mind is on your body
Your hands are in your hair
Lip-syncing to some Bruno
A little kissing in the light
You deserve a little downtown
I'll give you everything tonight

You know I'm not one for dancing
You just make me look the fool
But tonight there's an exception
You look too good to play it cool
And I think I wanna...

Slow-dance down to the break of dawn
Give me your half-time beat just to feel that song
I'm in the mood to move you, baby
What do you say?
You've got my heart, my soul, my name and my ring
I'm gonna put this love before everything
I'm gonna hold this one till the good Lord takes me away
Sarah, dance with me

We take it back home to our place
Pull all the curtains down
Plug in the phone boombox
Take my hand, I'll spin you 'round
Watch you get a little crazy
Slidin' on the kitchen floor
You whisper something kinda dirty
Oh, babe, tell me some more

Let your hands do the talkin'
I won't ever let you down
Don't let your eyes get to wanderin'
One, two, two, baby, slow it down
[?], I think I could...

Slow-dance down to the break of dawn
Give me your half-time beat just to feel that song
I'm in the mood to move you, baby
What do you say?
You've got my heart, my soul, my name and my ring
I'm gonna put this love before everything
I'm gonna hold you, love you, and tell you everyday
Sarah, dance with me
Slow-dance down to the break of dawn
Give me your half-time beat just to feel that song (Half-time beat)
I'm in the mood to move you, baby
What do you say? (Tell me)
You've got my heart, my soul, my name and my ring (You got it all)
I'm gonna put this love before everything
I'm gonna hold you, love you, and tell you everyday
Sarah, dance with me
