

## BTFL

Abhi the Nomad

Me and my rugrat gang in this shit  
Hair did ass out bangs with the clip  
Do something crazy that you would forget  
If you wanna be famous sang to my dick  
I Bobby flay on that pussy for the panel  
Gave her 9 cause she yellow with the flannel  
She goin down doing things with her teeth  
Clean, best in the game fantano

Do it for the squad and the cheerleader go team  
Shake your tail lil' mama do the yoshi  
I'm down to smash with my bros like  
Oh you got the game cube on? play no teams  
Look at my haircut bitch I'm beautiful  
Look at my shirt stain bitch I'm beautiful  
Look at my dirty ass glasses, gorgeous  
Young pretty motherfucker

Look back at it, Lisa  
Bring it back up top, t shirt  
Prayer hands on do the preacher  
I'm never fall off, good pizza  
My whole thing be the shit  
I'm a beautiful bitch, I'm beautiful  
My whole gang be legit  
I'm a beautiful bitch, I'm beautiful

Mustache curled I'm ready to dive in it  
I hit it raw giving my literal five inches  
I been sauce, slipping in DMS I slide in it  
You seen em with fine women, and they all massagin em

My ex knows, as far as sex goes I'm beautiful  
Ten toes, in ten minutes, fuckin unusual  
Hit em with the helicopter swing, till my dick breaks  
Presto, organic pesto's my dick taste (yum)

My whole fit's hammy downs  
And my guitar not tuned, hit the whammy now  
Still live at my grammy house, and on stage  
Where they flash me, and throw a couple panties out

Call me thick fang Fosty I've got a sick name  
The cool kids can't admit they Stan me now  
So get on this train, fore I get a grammy now  
You ugly bitches can't stand me now, so I'ma take a look back

Look back at it, Lisa  
Bring it back up top, t shirt  
Prayer hands on do the preacher  
I'm never fall off, good pizza  
My whole thing be the shit  
I'm a beautiful bitch, I'm beautiful  
My whole gang be legit  
I'm a beautiful bitch, I'm beautiful

And in this twisted time

I know the skies will fall  
But I won't save it all  
It's not my calling
