

# Intergalactic

Abhi the Nomad

Shawty on the mattress  
Nothing like my last bitch  
Take a puff and pass it  
While we go, oh-oh  
Go intergalactic

Money bags  
I speak a different currency  
From outer space  
My zipcodes outta mercury  
Round and round stars are turning blue and purple  
I don't know why we get so universal

Shawty on the mattress  
Nothing like my last bitch  
Take a puff and pass it  
While we go, oh-oh  
Go intergalactic

Ooo-oooo

Yeah I got chains on  
Full kitted  
It'll be a long night  
For a visit  
Do you get wifi  
On them titties?  
I just go voila  
Then we kissin'  
Girl you know I'm bad to the bone  
Bout business I'm bad to the bone  
Bout livin' what's up  
Full price liquor in a solo cup  
OC bitches I'ma throw shit up  
Yeah

Shawty on the mattress  
Nothing like my last bitch  
Take a puff and pass it  
While we go, oh-oh  
Go intergalactic

Ooo-oooo

While we go, oh-oh  
Go intergalactic

Rodger roll Atlantis  
Houston now controlling the flight of Atlantis  
Space shuttle spreads its wings one final time  
For the start of a sentimental journey into history
