

Fade

Abigail Barlow

The sweetest words went to my head
I lie in bed was this a dream?
Now every curse
I've ever said
The tears I've shed, weren't we a team?

I wish I had a nickel for every little mistake
Guess you got fickle
Ended in a heartbreak
Lyin' with the mess you made
Makes no sense to me why you couldn't even say you're sorry
(You're not sorry)

Why don't you just fade?
Into the background noise
With all of the other boys 'cus you're all the same
Why don't you just fade?
Until you're out of view, 'cus it's always about you anyway
Why don't you just fade?

With every night
With every day
I couldn't wait to meet again
Now it's too late
Oh, it's too late
Now it's too late to still be friends

I wish I had a nickel for every little mistake
Guess you got fickle
Ended in a heartbreak
Lyin' with the mess you made
It makes no sense to me why you couldn't even say you're sorry
You're not sorry

Why don't you just fade?
Into the background noise
With all of the other boys 'cus you're all the same
Why don't you just fade?
Until you're out of view, 'cus it's always about you anyway

Fade fall outta focus
Don't care if they notice
I know what my worth is
So you're gonna fade fall outta focus, focus
Fade, fall outta focus
Don't care if they notice
Oh I know, I know what my worth is
So you're gonna fade, oh fade

Why don't you just fade?
Into the background noise
With all of the other boys 'cus you're all the same
Why don't you just fade?
Until you're out of view, 'cus it's always about you anyway
Why don't you just fade?
