

# Loverboy

Abigail Barlow

Nice guy but he's 21, so young  
It's a risk but it could be summer fun  
Gentleman, told me leave my wallet at home, oh  
Loverboy

6'5" with the jawline, cut me like a knife  
Watch me shimmer, shimmer, shimmer in the moonlight  
Baby, I'm grown, if you hit it, don't choke, oh  
Loverboy

Hate first dates, such a waste of time  
But you're giving me attention so I really don't mind  
Do you wanna come home with me?  
I'll even let you hold my hand and the Grammy

I don't need to know your astrology  
To end the night with you right on top of me  
I'm a dream come true in this economy  
Loverboy

Classy in the day walking down the streets  
And a dirty little freak in my satin sheets  
If it's fate I'm okay with it happening  
Loverboy

Thank you for the flower, Imma hit the shower  
When I step out, need you gone in half an hour  
I got shit to do, finishing Moana 2  
Glad I taught you something new, shoo

I don't want you hanging in the passenger side  
No scrubs in the club, gonna ruin my vibe  
I'm miss independent, I'm dependent on me  
But it felt real good, same time next week?

I don't need to know your astrology  
To end the night with you right on top of me  
I'm a dream come true in this economy  
Loverboy

Classy in the day walking down the streets  
And a dirty little freak in my satin sheets  
If it's fate I'm okay with it happening  
Loverboy

Loverboy (oh)  
Loverboy  
Loverboy  
Loverboy (oh)  
Loverboy  
Loverboy, oh  
My loverboy

Loverboy (oh)  
Loverboy  
Loverboy  
Loverboy (oh)

Loverboy  
 Loverboy, oh

I'm not crossing bridges for anything but love  
 Honestly I got too many bitches tryna fuck  
 I'm not crossing bridges for anything but love  
 Is it me or is it burning up?

Loverboy, loverboy, lover  
 Loverboy, loverboy, lover  
 Loverboy, loverboy, lover  
 Lover, lover, lover

Loverboy, loverboy, lover  
 Loverboy, loverboy, lover  
 Loverboy, loverboy, lover  
 Lover, lover
