

# Mirror, Mirror

Abigail Barlow

I finally like my hips  
Cupid bow on my lips  
I cut my hair above my shoulders lovin' how it sits  
I'm self discoverin'  
Breakup recoverin'  
I wanna fling  
I wanna be the evil queen

I wanna find Snow White  
Wear her heart on my sleeve  
I wanna find the seven dwarves and make them work for me

Mirror, mirror!  
On the wall!  
Who's the fairest of 'em all?  
Mirror, mirror!  
Tell the kings!  
All their princesses can hang with me

I'll treat them right (I'll treat them right)  
I'll be polite  
I'll be the apple long as you just take a...  
Bite  
I'll treat them right (I'll treat them right)  
I'll be polite  
I'll be the apple long as you just take a...  
Bite

I'm feelin' confident  
Comfortable in my skin  
Love bein' dominant  
And you love givin' in  
I'm feeling bolder  
Love getting older  
Beauty's in the eyes and I wanna beholder  
So!
