

Sleep Pretty

Abigail Barlow

Hey girls
In the middle of your skincare routine (yeah?)
Or up at 8 am putting on the devil jeans (that's me)
Or on the Peloton
Cause I wrote this for the queens
Just breathe to this beat

Hey girl cookin' dinner for one
Hey girl on that midday outdoor run
Hey girl dreaming of being a champion
You already won

Eyes on the horizon
And your third eye enlightenment
Cause you are the prize to win
And you're gonna

Sleep pretty
Sleep pretty
Sleep real pretty tonight
Sweet dreaming only
Keep winnin'
This is the beginning
Of the rest of your life
Like Ariana
You're a good witch
Just like magic
Drink your water
Keep blooming like a bad bitch
And you're gonna sleep pretty, sleep pretty
Sleep pretty
(Sweet dreams)

Hey girl on Spotify or Apple Music
I hope you find this little ditty while perusing
I hope you're sticking to your new year's resolution
I hope you stay committed to your self improvement

Cause you're a star, so believe it
Anything you set your mind to you'll achieve it
If you're runnin' on E?
Let your head hit the pillow
Close your eyes
Lemme help you count your sheep like...

(One...)
Eyes on the horizon
(Two...)
And your third eye enlightenment
Cause you are the prize to win!
Hey
And you're gonna

Sleep pretty
Sleep pretty
Sleep real pretty tonight
Sweet dreaming only

Keep winnin'
This is the beginning
Of the rest of your life
Like Ariana
You're a good witch
Just like magic
Drink your water
Keep blooming like a bad bitch
And you're gonna sleep pretty, sleep pretty
Sleep pretty
