

## Attack With Spell

Abigail

Thrash til die  
To glory of attack  
Attack with spell  
In my attack

Bleeded blood burst out  
On alter of pure hell  
Chimed bell rise clear  
Moon squalls dying blood

The horror infernal of damned earth  
Flight in night light shadows forward  
Following the masters example  
Death soldier hided nots

Sorcerers words drift unto twilight dawn  
I curse creed and dawn light of heaven

Buried under cross of good  
Cenotaph of bloodspots manifest  
Power of hell and pit lord-I rise  
Now god loose control

Invert good and great victory  
Call to him a palace flame  
My spirit burn in distant skyline  
Now god loose control...
