

# Black Metal Thunder

Abigail

I'm evil, give me power  
Black Metal demon back from Hell  
Black candles burning bright  
Blasphemy night

Black Metal thunder till your dead

We'll fight till we fall  
Possessed by demon 666  
But that day is comin' now  
Hey let's fight

Stand up now  
For the Satan  
Burning Hell  
Black Metal Horde

Coming down coming down  
Black Metal thunder in your head
