

Evil Dead

Abigail

Walking on this earth stopping for no one
Searching for flesh stopping when they've won
Beware they're near ripping limbs from flesh
You've nothing to fear beyond the realms of death

Beware they're coming for you they're
The evil dead
There's no escaping from
The evil dead

Fearing mindless dead rising from their graves
A shot in the head to free Satan's slaves
Beware they're out walking on the earth
No time for a shout as the dead are birthed
