

# Metal Got Sick

Abigail

Black magic worshipper from the dead  
Wi will drink until we drop  
Metal is what we need  
Bang your head against the fucking wall

Metal got sick  
We were born to sacrifice  
Metal got sick  
Screaming guts and throat

Blackthrash attack against terror  
Beat the poser and kill  
In league with satan  
Metal sick with bloody lucifer

Metal got sick  
We were born to sacrifice  
Metalgot sick  
Screaming guts and throat

Pleasure to kil land fuck  
Bullets flying all around your head  
Feel the power and sound your head  
Satan gave the power to kill

Metal got sick  
We were born to scrifice  
Metal got sick  
Screaming guts and throat
