

SIREN

abingdon boys school

It's dragging me down
So deep underground
Seems the darkness is here to stay

I'm lost and afraid
All my faith starts to fade
And the pull is too strong anyway

I hear the calling
Don't heed the warning
No need to cry
Time of my life

(What's this inside?)

This is salvation
Sweetest temptation

(I'm alive in the dark of night)
(Hoping somehow I can make it right)
(Just to be near I am losing my mind)

With every step I take
Why do I wander far from you?
Promises that I break
How can I find my way back home again?

This vapor of sin
It's clawing my skin
But it's all so easy now

I'm losing my place
In a fatal embrace
And I don't even know who I am

This is salvation
Twisted affection

(Giving heat when your heart is cold)
(Hoping somehow you can make me whole)
(Just be here I am selling my soul)

With everything I gain
Deeper and deeper I will fall
Tenderness leads to pain
Look at the price that I will have to pay

With every step I take
Why do I wander far from you?
Promises that I break
How can I find my way back to you?

With everything I gain
Deeper and deeper I will fall
Tenderness leads to pain
Look at the price that I will have to pay
