abingdon boys school

The world is a battlefield  
We're in a dark shadow  
You win or you'll be lost forever  
Don't waste all your tears  
Reality is so hollow  
You gotta fight, be a survivor

No way I'll be the sacrifice  
No matter what they bellow  
I win not give in to their hunger  
We all die alone  
I find it hard to swallow  
I need you here, keep me alive

In heaven whenever I see you  
I drop all my weapons  
You tell me the meaning to life  
How you drive me mad

INSANE, MY PAIN, I'm screaming on the inside  
Awake to the justice  
AGAIN, IN VAIN, I'm reaching for an answer  
My tragedy just fades away  
I dedicate it all to you

No one will last in disguise  
Time flies like an arrow  
Under your halo, I'll surrender

In heaven whenever I feel you  
I unload my handgun  
You give me the will to go on  
Do I drive you mad

INSANE, MY PAIN, I'm rushing to the outside  
Now over the distance  
I PRAY, IN RAIN, You're tearing off the cancer  
My destiny will break away  
I wanna make it up to you

INSANE, MY PAIN, I'm screaming on the inside  
Awake to the justice  
AGAIN, IN VAIN, I'm reaching for an answer  
My tragedy just fades away  
I dedicate it all...

INSANE, MY PAIN, I'm rushing to the outside  
Now over the distance  
I PRAY, IN RAIN, You're tearing off the cancer  
My destiny will break away  
Cuz I wanna make it up to you
