

Altro Inferno

Aborted

Suffocating mess, this other Hell
So pragmatic, enigmatic

Nurtured by redundancy
We embrace this mental lobotomy
The apocryphal art of idolatry

Ignorance is bliss, catatonic state
So dogmatic, yet ecstatic - catastrophic

Eternal cowardice...
Maze of no return, your palaces burn
Claustrophobic,

Suffocating mess - reality
A cage of callousness

Nurtured by redundancy
We embrace this mental lobotomy
An apocryphal art

This stench of reality, crepuscular society dusk
As I suffer through this other Hell

Altro inferno - spirit of the dead
Altro inferno - machiavellian deceit
Altro inferno - the other Hell in me
Altro inferno

Altro inferno - spirit of the dead
Altro inferno - corrupted at best
Altro inferno - slithering so serpentine
Altro inferno

For I believe in Hell
Hell is other people
Dauntless descent to misery
Into this lobotomy
For I believe in Hell
Hell is other people
Claustrophobic maze of no return
Repulsive creatures

Altro inferno - spirit of the dead
Altro inferno - maze of no return
Altro inferno - slithering so serpentine
Altro inferno
