

Hellbound

Aborted

A portal to the secrets of flesh
Enrapturing realm, guarded by demons
Exploring the limits of pain and pleasure

A bridge across rivers of malady
Embrace the path of violation within me
Orgasm of blood, climax of gore
The shattered fragments of the soul
Bringers of suffering and pleasures beyond
Slash my spirit and arouse my mind
Sweet little deaths, the gateway beyond
Abandon all hope, reads the gateway to eternal hell

Finally, I feel like I'm alive
Lacerated - the banquet is served
Infernal patterns of pain

A level beyond - delicious shift
Forged in passion, for I am hellbound
This level of pain will break all bounds
For we're not the first
But none reached the depths of this
Agonizing eternity spent sundering flesh
Driven to madness, ludicrous lust
Piece by piece, slash by slash
Severed pieces augment each lash
Eternal torment, I am reborn

Through a configuration lament, a puzzle box
Unlocking a paradox
Cruel invitation to the blackest of pits
Celebrating each one of my sins

In chains I writhe, in hooks I'm caught
In Leviathan's realm, my sanity is lost
Sadistic pleasure, my soul is maimed
In eternal torment, I am engulfed in flames

Hellbound
Hellbound

Severed pieces augment each lash
Bound in chains, I am forever hellbound
Eternal torment, I am reborn
We have to see, we are forever hellbound

Lash by lash, forever torn
We have to see, we are forever hellbound
Gash by gash, we are reborn
I am in hell, forever more
