

# Impetus Odi

Aborted

Forever bound in acrimony  
Enter the abattoir  
Monument of hatred - collection of the bizarre  
Impotent servant - deranged

Once a symbol, a misconstrued reality  
Terror is prevalent, a mental cacophony  
A mongrel once upon the cross

Institutional fascism spreading on a global scale  
Like a virus it morphs and religiously it propagates and corrupts, roots

Bleed for me - for I am your saviour  
Bleed for me - forever you'll be forsaken  
Kneel to me - for I am impetus odi  
Bleed for me - from your suffering I'll savour

Institutional idiocy spreading on a global scale  
Like a virus it morphs and religiously it propagates and corrupts, roots

For we are impetus odi  
As we further descend into hatred

Enter the abattoir  
Monument of hatred - collection of the bizarre  
Idiocy is prevalent, the onset of hatred

Misery rears its ugly head and further divides

A diabolical masquerade  
We're all the buffoons in this sordid play

Institutional fascism spreading on a global scale  
Like a virus it morphs and religiously it propagates and corrupts, roots

Bleed for me - for I am your saviour  
Bleed for me - forever you'll be forsaken  
Kneel to me - for I am impetus odi  
Bleed for me - from your suffering I'll savour

Bleed for me - bleed for me - die for me - kneel to me

Incompetent mongrels leading a flock of overgrown children  
Global massacre without cause or chance of redemption  
With our infinite 'wisdom' we die for empty freedoms  
Global absolution from the cancer that is human
