

# TerrorVision

Aborted

Grotesque manic display of misery  
Forfeit values, refuge for vanity  
Unholy masturbation  
Self-inflicted drama  
For the drama craving drama queens

Hold a mirror to society  
A piss poor display of displaced narcissism  
Wretched whores  
Animus violence  
Displaying animosity  
Rancour distrust  
Warmongering

Oh holy devastation  
Divide and conquer  
Spreading fear, hatred and disbelief  
Hold a mirror to society  
A perfect display of misanthropy

Obey the terrorvision  
Demonic manipulation  
Spreading hate  
Spreading death  
Fear

Praise the lord  
Sever the whore  
The masses want more

Bow to me  
Oh nephilim  
Emisarry of perversity

Praise the whore  
Nu Babylon  
The masses need more  
Crawl for me oh idiocy  
Emisarry of stupidity

Watch them crawl spineless  
Opium for the masses  
Watch them bleed for us  
Religiously walking meat and erroneous pride

Unholy flagellation  
Self-inflicted trauma  
For the trauma craving trauma queens  
Hold a mirror to your bigotry  
A piss poor display of society

Manipulation of the masses at hand  
Hate [x2]  
Terrorvision  
Sociopathic iteration

Manipulation through black mirrors at hand

Hate [x2]  
Terrorvision  
Psychopathic iteration

Hate  
Fuelling the masterplan  
Hate  
Moving the pawns around  
Hate  
Our embodiment  
Hate  
Fuelling the masterplan  
Hate  
Blissfully ignorant  
Hate  
Our decadence
