

## The Saw and the Carnage Done

Aborted

Emulous life form emerges, and slashed continuously  
A man made predator slides back moral, self censored reality

Thrusting through my veins  
Coagulating awareness  
Chromosomes regressed  
With the saw, I shall purge  
Taking the next step  
The robbing of life  
Anticipating blood flow  
Feelings of contempt arise

No longer to control, I crave the dead  
One with the dead, I am

A prophesized death machine, unleashed  
Bones are splintered as I saw, Decadence to feed  
Murder is mankind's only saviour, goremageddon

Sawing up stiffs to my every need  
Decadence to feed  
Feeding, an preying on man  
I cleanse this world, decadence exceeds

Emulous life form emerges  
And slashes repeatedly  
A manmade predator feeding  
On it's own creator, your society

Feeding, and preying on man, to cleanse the world  
Decadence exceeds  
Sawing up stiffs to my every need  
Decadence to feed
