

## Love The Death As The Life

Aborym

All religion based on fear  
The bible is not true  
No fear at all, no sin  
The illusion do not need  
Every moment is the last  
To be dead for next time  
Love the death as the life  
Constantness is the right  
Love the Death as the Life

Many masters came, mostly they were slain  
Every form is different, separated one  
Love to be in joy, beginnig in end  
Don't believe in parents, parents of the parents  
Body-spirit-soul, even to know more...
