

Solve Et Coagula

Aborym

Come alive on the driver's side
spread your legs. Cleanse me
smiles elude psychotic eyes
Let me do me. Enslave me

Bruise me. Make me feel alive
ride the snake. Abuse me
The more you fuck
the more you need
Make me cum. Amaze me
so I may grow in you
let me penetrate the sky
Solve et coagula
take it 'til
it breaks your spine

time to use your tongue
upon my flesh
taste the salts of my skin
to thee sickly sweets from within
Let me cum. Disgrace me

So I may grow in you
Let me penetrate the sky
Solve et Coagula
take it 'til
it breaks your spine
