### Aborym

My back is up against the wall  
Everywhere lobotomized fall  
The sadistic power game they play  
Dirty methods they will put in my way  
A cultured abominable instinct of suicide  
Injected in my dried veins: no hope to survive  
Sick synthetic conspiracy: a state of siege  
Sick synthetic conspiracy: a state of siege  
Loaded as I am of the scorn for despicable hearts -  
I'm a nest in flames  
My back is up against the wall  
Everywhere lobotomized fall  
The sadistic power game they play  
Dirty methods they will put in my way  
A cultured abominable instinct of suicide  
Injected in my dried veins: no hope to survive
