

# Naked

Above & Beyond

I'm turning around to find  
I'm just a step behind  
Wondering where you've been my whole life  
A kiss and then a wave  
How long for you say  
Wondering where you've been my whole life

And only you can know  
Who you are  
And only you can change  
How you feel  
Drop the masquerade  
All the lies will fade

Let's get naked  
(With our words, with our ways)  
Let's get naked  
(With our words, with our ways)  
Let's get naked  
(With our words, with our ways)  
Let's get naked

Sleeping we can learn  
I'll sleep walk to the earth  
Wondering where I've been my whole life  
Love the place you are  
Love with all your heart  
Know that it's what will make your whole life

And only you can know  
Who you are  
And only you can change  
How you feel  
Drop the masquerade  
All the lies will fade

Let's get naked  
(With our words, with our ways)  
Let's get naked  
(With our words, with our ways)  
Let's get naked  
Let's get naked

Let's get naked  
(With our words, with our ways)  
Let's get naked  
(With our words, with our ways)  
Let's get naked  
(With our words, with our ways)  
Let's get naked
