

Ice Age

Above This

Don't just stand there, bitch move
Be apart of something bigger than me and you
Won't you spare me? Won't you dare me?
I need, you to care for me

[2x] Oh, unravel time

What do I have to say to get you back on track with today's reality
I cannot mother you like I used to do back in the day, I cannot say
How much I wish you were and everything was back to normal
For the sake of our future,
Why won't you answer me, why don't you answer me?
Now that you're frozen, my voice has been chosen
To be the leader, a diligent speaker
Now that you're frozen, my voice has been chosen
To be the leader, a diligent speaker of time
I'm the best,
And I don't give a mother fuck, about the rest
Drain your sorrow, drop the bass..
Not another massacre
Nothing leaves my sight
Hold your troubles, it ends tonight
What's my purpose?
Why do I walk this Earth
I'm bleeding slowly and nothing can stop this pain
I was a lost man, I had my ups and downs
Will someone help me, find my way back to the ground
Don't just stand there, bitch move
Be apart of something bigger than me and you
Won't you spare me? Won't you dare me?
I need, you to care for me

[2x] Oh, unravel time
