```
(2x)
Never did I think that we would recover.. we're stepping in on
this scene like no other
All of this work has us hooked on the repay, I'll say what I me
an and I'll mean what I say
But you should know.. I have the temper that can lift me off th
e ground
You will NEVER cross me again..
(2x)
Oh liar liar tell me what do you remember
From that fight
Its all too easy.. its just all to easy for me
