

## Open At The Close

Above This

You're still with me, And I'll do this strictly for my family  
Jr. Why? I'll know that you'll always be here with me  
I guess that I'll just have to take the lead  
I am the son of a respectful father  
And you can see it in my eyes that I don't waste my time  
If you could stop your lazy ways and open up to your surroundings  
Your boundaries  
I know that everything will be okay, your conscious loves to tell you things  
You can't sit around and be a frog, Cause life goes on, let go, let God  
I hope you look down on me and see what I have done  
I have been pushing the hardest that I've ever gone  
Everybody hurts, everybody is scared  
But you have to remember the times that you've shared  
Let go, let go, let go  
I could tell you stories about the good ol' times  
Looking back at the past, when you use to be mine... oh god  
I don't give a fuck bitch, Screamin' out my lungs bitch, Who the fuck are you?  
Lookin' at me wrong bitch, Why's it been so long bitch? Tell me how you've been  
Lookin' at me wrong bitch, Why you starin' hard bitch, Who the fuck are you?  
I'ma make you cry bitch, I'ma make you cry bitch, Boo-fucking-hoo

[4x] Jr. Why?

I hope you look down on me and see what I have done  
I have been pushing the hardest that I've ever gone  
Everybody hurts, everybody is scared  
But you have to remember the times that you've shared

It must be faith, It must be God, That made me see, What I could not  
It breaks my heart, To see you down, You know that I will always be around  
I don't give a fuck bitch, Screamin' out my lungs bitch, Who the fuck are you?  
Lookin' at me wrong bitch, Why's it been so long bitch? Tell me how you been  
Lookin' at me wrong bitch, Why you starin' hard bitch, Who the fuck are you?  
I'ma make you cry bitch, I'ma make you cry bitch, Boo-fucking-hoo
