

## Where Did All The Anti Matter Go?

Above This

This is the beginning of a new world  
Everything we once had was left in ashes  
The friends you had are now gone, it's time to make a new plan  
Miles away, we try to find a home, something that's standing tall  
Somewhere you can't go wrong  
Needless to say, we travel by our feet, I've never been so worn  
, I couldn't keep my heat  
Watch for the sun, it's never done us wrong, if we keep wasting  
time we will be way past gone  
Needless to say, we travel by our feet, I've never been so worn  
, I couldn't keep my heat

[Chorus]

I can't take the thought of you laying next to him when I'm not  
home  
I can't take this pressure and now your stuck feeling the way you  
do  
Leave it to me! Take my hand, Let me show you everything I am,  
Take me down, I can see you're still staring at the ground  
Take my hand, Let me make you want what you could never have  
Take me down, let your new man know that I am still around

[4x]

Run and put your kids inside, run around the fucking streets  
Time is up the end is here, run around the fucking streets

I can't take the thought of you laying next to him when I'm not  
home  
I can't take this pressure and now your stuck feeling the way you  
do  
At the very minute time stops running, My mind goes on an instant  
replay of my life  
This one goes out to anyone I've ever lost,

Anyone I've ever left behind, anyone I've ever let down, anyone  
I've ever lied to, anyone I've ever told off, anyone I couldn't  
help at the exact moment, anyone I ever made feel less than what  
they were, anyone  
I've ever hurt,

Anyone I've ever blown off, anyone I've ever made sad, anyone I  
've  
ever told to get a life and move on, anyone I've ever loved, any  
one I've  
ever trusted, anyone that's ever trusted me, anyone that I ever  
stole from,

I'M SORRY!

All my life I've been asleep, I've said too many lines it makes  
it hard to speak,  
So can you tell me goodbye! Heavens collecting right on time..  
Won't you fill me in, Open up the gates to heaven.
