

## Abra Interlude

### Abra Cadabra

Ayy, Juggy, that's cold  
Yo, S, you finessed this one, you know?  
Hey

You can do me dirty now, you'll be the only one that'll be seen  
crying later  
I'll be broken but I'll fix and get my cake up  
Remain solid 'til I go and meet my maker  
Keep my pride 'til the day that I die, stand tall and lift my face up  
I won't stop 'til I'm balling like The Lakers  
Don't let me question if you're riding, are you faithful?

I've heard stories 'bout some broken hearts  
That's the type of stories I ain't tryna be a part of  
Could you imagine me with a broken heart?  
I ain't never had a broken heart  
Even though I've really had a lonely past

You can do me dirty now, you'll be the only one that'll be seen  
crying later  
I'll be broken but I'll fix and get my cake up  
Remain solid 'til I go and meet my maker  
Keep my pride 'til the day that I die, stand tall and lift my face up  
I won't stop 'til I'm balling like The Lakers  
Don't let me question if you're riding, are you faithful?

Ayy, Juggy, that's cold  
Yo, S, you finessed this one, you know?
