

# Bring Us

Abra Cadabra

They did road, they did shows  
They didn't wanna ever bring us  
They didn't wanna ever bring us  
They did road, they did shows  
They didn't wanna ever bring us  
They didn't wanna ever bring us  
So it's fuck them  
I don't love them, I don't trust them  
I said, "fuck them"  
I don't love them, I don't trust them, yea  
I said, "fuck them"  
I don't love them, I don't trust them  
Cause they did road, and they did shows  
They didn't wanna ever bring us

Re-up, [?] -up, then heat up the blow  
Bill up and hit up the shows  
The man dem smoke and smoke  
Fill up the chromes  
I'm too real, I'm really don [?]  
Need nobody  
If I ever said "I need somebody" that shit was a joke  
Tryna-tryna feed off Poppy like I'm nobody  
I'll say too much but I know  
If-if I creep with the tip of my toes and I just slap  
Nobody would know  
I could whip like the footers with snow  
I'm paid below your average crow  
I'm Poppz, you've signed your average Joe  
In the trip it's bare Ountos  
Gyal thirsty, gyal dirty, gyal thirty givin' man top  
See me with Kush, see me with Legz  
Or I'm with "man don't talk, man rob" (ssshh)  
I could do this flow, I could do that flow  
But I'm on this one cause I'm on this beat  
I'm up early linkin' a knit tee  
Just for the pinkies, my hair look picky  
We [?] miss me  
If it's too tight it don't fit me  
Look, when we pick up I wanna see what the man there do  
You fuck with the PLU, you see what the PL's do  
Look, I'm in a fucked up mood  
Might finess a random yout  
I got the gyal dem juiced  
Big up the gyal dem too  
Big up the gyal dem too

They did road, they did shows  
They didn't wanna ever bring us  
They didn't wanna ever bring us  
They did road, they did shows  
They didn't wanna ever bring us  
They didn't wanna ever bring us  
So it's fuck them  
I don't love them, I don't trust them  
I said, "fuck them"  
I don't love them, I don't trust them, yea

I said, "fuck them"  
I don't love them, I don't trust them  
Cause they did road, and they did shows  
They didn't wanna ever bring us
