

FKA MESS

ABRA

I don't want you to go
But I can't stay
It's not the time
It's not my place
You're not my boy
I want you to know
You're beautiful
And I can't wait
Yeah I can't wait
I can't wait
You're beautiful
And I can't wait

And I can see that haunted look up in your eyes
And it's takes everything to tell you no
And where my mind it lingers, travels late at night
I know
Something's got to give cause I won't
And I can see that haunted look up in your eyes
And it's takes everything to tell you no
And where my mind it lingers, travels late at night
I know
Something's got to give cause I won't

(Go, go, go, go, go, go)
(Go, go, go, go, go, go)

I could never be that type
To mess around
But I can't lie
You got me wound
You got me high
I can't come down
I can't calm down

Why you wanna mess around
Mess around, round
Why you wanna get down with me
Why you wanna mess around
Mess around, round
Why you wanna get down with me
Why you wanna mess around
Mess around, round
Why you wanna get down with me
Why you wanna mess around
Mess around, round
Why you wanna get down with me

And I can see that haunted look up in your eyes
And it's takes everything to tell you no
And where my mind it lingers, travels late at night
I know
Something's got to give cause I won't
And I can see that haunted look up in your eyes
And it's takes everything to tell you no
And where my mind it lingers, travels late at night
I know

Something's got to give cause I won't

(Go, go, go, go, go, go)

Something's got to give cause I won't

And I can see that haunted look up in your eyes

And it's takes everything to tell you no

And where my mind it lingers, travels late at night

I know

Something's got to give cause I won't
