

## Game

ABRA

Protect your heart at all costs  
No one who walks the earth is golden  
Paradise is lost  
Nothing is worth the tears  
And never let them see you cry [?] and everything dies

It's all so stupid  
You're gonna lose it  
You're gonna blow it  
If you can't get in control  
But I'm not tryna win  
I crave this  
Just let me live

Everyone's talking bout their fall back game, game, game  
But I've got no fucking chill  
Cause love is like a drug to me  
I wanna share my heart  
And they think that I'm crazy  
I'm crazy, crazy, crazy  
Everyone's talking bout their fall back game, game, game  
But I've got no fucking chill  
Cause love is like a drug to me  
I wanna share my heart  
And they think that I'm crazy, crazy  
I'm crazy, I'm crazy  
Yeah, yeah

I don't wanna dance with you  
Cause they say that your kiss might kill me  
But I'll be in too deep  
And drop myself off at your feet  
I knew that you were bad news  
Stayed awake about half past two  
Had to slap me, cause I was thinking about you

It's all so stupid  
You're gonna lose it  
You're gonna blow it if you don't get in control  
But I'm not tryna win  
I crave this, just let me live  
I'm okay with looking crazy over it

Everyone's talking bout their fall back game, game, game  
But I've got no fucking chill  
Cause love is like a drug to me  
I wanna share my heart  
And they think that I'm crazy  
I'm crazy  
Am I crazy?

Everyone's talking bout their fall back game, game, game  
But I've got no fucking chill  
Cause love is like a drug to me  
I wanna share my heart  
And they think that I'm crazy  
I'm crazy, crazy

Well you can think I'm crazy

Everyone's talking about their fall back game, game, game  
But I've got no fucking chill  
Cause love is like a drug to me  
I wanna share my heart  
And you can think I'm crazy, crazy  
I'm crazy  
I'm crazy about you  
I'm crazy about you
