

# Pride

ABRA

Palms up, no crown  
You wanna mess around  
I wanna hold you down  
It's not okay  
I need you everyday

Palms up, no crown  
You wanna mess around  
I wanna hold you down  
It's not okay  
I need you everyday

I lost all the pride  
That I thought I could keep  
Can you see me?  
Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

I lost all the pride  
That I thought I could keep  
Can you see me?  
Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

The throne that would not break  
My heart is for the taking  
And I cannot save face  
Cause I keep rearranging for you, babe

The throne that would not break  
My heart is for the taking  
And I cannot save face  
Cause I keep rearranging for you, babe

Fold and fold  
And darkness on my knees  
Is this love or harness?  
Baby, please tell me  
Fold and fold  
And darkness on my knees  
Is this love or harness, baby

Fold and fold  
And darkness on my knees  
Is this love or harness?  
Baby, please tell me  
Fold and fold  
And darkness on my knees  
Is this love or harness, baby

I lost all the pride  
That I thought I could keep  
Can you see me?

Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

I lost all the pride  
That I thought I could keep  
Can you see me?  
Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

I lost all the pride  
That I thought I could keep  
Can you see me?  
Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

I lost all the pride  
That I thought I could keep  
Can you see me?  
Say you feel me  
It's a big world  
But I fall at your feet  
Reach out and touch me

I lost all the pride  
That I thought I could keep  
It's a big world  
But I fall at your feet  
Fold and fold  
And darkness on my leaves  
Is this love or harness?  
Baby please tell me  
Fold and fold  
And darkness on my leaves  
Is this love or harness, Babe
