

Backfire

Absofacto

Made a big plan, huh
Are you a mouse or a man?
Sounds like it backfired, sounds like it backfired
Who are you fooling?
Could it be you?
When you tried to get over
But it got over you again
Over you again

Dotting your T's and crossing your I's
Hate to tell you, but it's a poor disguise
Tossing your soul over the wall
Sounds like it backfired
Sounds like it backfired

Made a big plan huh
Are you a mouse or a man?
Sounds like it backfired, sounds like it backfired
Who are you fooling?
No one at all
When you tried to get over
But it got over you again
Over you again
