

BEEN TOO

Abstract

Ahh, ahh, I've been too
Yeah, huh
I've been too
Ahh, ahh, ahh
Yeah, yeah, ayy
Ayy, ayy, ayy

Yeah, there's been too
Many times they told me quit, I've thought about it, been to
Many clubs that poppin' bottles and I couldn't been to
Many places, didn't think that I would fit in from the jump
I've been committed to the vision while I'm valid mental

I was on a SoundCloud train tryna go and make it
I was still up in my dorm room with hella bitches naked
That was 2016, thousand plays was really litty
I just did a show in LA, signed a thousand fuckin' titties, yeah
I was on them YouTube blogs way before that y'all tapped in
On Rap City droppin' videos, and I ain't change shit, I'm still rappin'
In my college livin' room, microphone inside a pillow
Makin' songs up out the crib while watchin' Malcolm in the Middle, yeah

Yeah, there's been too
Many times they told me quit, I've thought about it, been to (Yeah)
Many clubs that poppin' bottles and I couldn't been to (Ayy, been to)
Many places, didn't think that I would fit in from the jump (Yeah, yeah, ayy
, ayy, ayy, ayy)
I've been committed to the vision while I'm winnin', been too

Overseas back in '17
Been worldwide with the damn team
They said my grind was a pipe dream
But I'm Tony with it while they're coping
Need a Tony for it, it's a show thing
Ain't a facet of me, it's the whole thing
Hard as Ricky Bobby, not a diamond on me
I been Briscoe with it, I'm the real thing
Crisco with it, way the dimes slid through
Way before the dollar bills got moved
Way before I even started on the music
I was poppin' off of knowin' my truth
Swagy with it 'fore the YouTube views
DatPiff payin' front page dues
I've been runnin' 'bout a decade and a half
Anybody wanna smell my shoes? Oof
I've beaten the odds, I done it while duckin' the frauds
Independent, really did it different
'Cause the numbers lookin' like they planted a god
They were Judas while I carried the cross
Taken through it like I'm takin' a loss
But I'm taken to it just so I can evolve
On the third day, I'll be back for it all

Yeah, there's been too
Many times they told me quit, I've thought about it, been to (Yeah)
Many clubs that poppin' bottles and I couldn't been to (Ayy, been to)
Many places, didn't think that I would fit in from the jump (Yeah, yeah, ayy

, ayy, ayy, ayy)

I've been committed to the vision while I'm winnin', been too

Ahh, ahh, I've been too

Yeah, huh, ayy

I've been too

Ahh, ahh, ahh

Yeah, yeah, ayy

Ayy, ayy, ayy
