

Close Your Eyes

Abstract

Yeah, yeah
You know that it ain't no secret
Know you got a list of regrets
If you didn't add me to the list yet
Gonna wanna close your eyes

Gonna wanna close your eyes for this
You don't wanna see me win like this
Mobbin' through the hills in a whip like this
Gonna wanna close your eyes for this

Gonna wanna close your eyes (Your eyes)
You don't wanna watch me rise (Me rise)
Gonna wanna close your eyes (Your eyes)
If you don't, hope it makes you wanna die (Die)

Told you it's all alchemy to me
I could turn a nightmare to a dream
Don't you know I'm always planting seeds?
So that every time I cry they grow into money trees
I win, you lose, you lost me
Don't act confused, you crossed me, yeah
You'll lie to friends but I know when
You see what's next, you'll be a mess

You don't wanna see me win like this
Mobbin' through the hills in a whip like this
Gonna wanna close your eyes for this
You don't wanna know everything you missed

Got the windows down, going full speed (Yeah)
You don't wanna know who I got beside me (Yeah)
You don't wanna know what the pain is [?] (Yeah)
Guess the commas are your way of saying sorry

Gonna wanna close your eyes for this
You don't wanna see me win like this
Mobbin' through the hills in a whip like this
Gonna wanna close your eyes for this

Gonna wanna close your eyes (Your eyes)
You don't wanna watch me rise (Me rise)
Gonna wanna close your eyes (Your eyes)
If you don't, hope it makes you wanna die (Die)
