

It's just hilarious to me  
'Cause the lies are so permanent

"Balance" tatted on her  
'Cause she's balancing her time  
Between playing with your heart  
While she plays with other guys  
And the bee on her neck felt like loyalty to me  
But it's all about the sting, not a thing about her sweet

'Cause her forearm reads out "Come what may"  
But I'll forewarn you that she's never gonna stay  
Now there's ice around my heart, it's been crystallized  
Now it's crystal clear to me I'm still suffering from Crystale'  
s lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)

One, two, three

How you messed with people's trust  
'Bout as permanent as ink  
Hope one day you sip the poison you make everybody drink  
But you're selfish as they come, never owning what you've done  
Holding way too many hostages with promises of love

'Cause her forearm reads out "Come what may"  
But I'll forewarn you that she's never gonna stay  
Now there's ice around my heart, it's been crystallized  
Now it's crystal clear to me I'm still suffering from Crystale'  
s lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Know her forearm reads out "Come what may"  
But I'll forewarn you that she's never gonna stay  
Now there's ice around my heart, it's been crystallized  
Now it's crystal clear to me I'm still suffering from Crystale'  
s lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)  
Suffering from Crystale's lies (Yeah, yeah)
