Abstract

I'm goin' crazy right now
My vision hazy right now
I light one up so I can calm down
I light one up so I can calm down
I'm hopin' that you'll maybe come down
Got some explainin' to do right now
I got no love for how you actin'
Is this the future you imagined?

See actors get awards and thankin' you
No time for hunger, genocide, or even truth
Do you only give your time to chosen few?
What the hell is on your list of things to do?
They say don't question
They say don't mess with
What he do or you won't ever get to Heaven
My home is Earth, though
You made this our home
Guess Heaven's great though
You never leave, so-

I'm goin' crazy right now
My vision hazy right now
I light one up so I can calm down
I light one up so I can calm down
I'm hopin' that you'll maybe come down
Got some explainin' to do right now
I got no love for how you actin'
Is this the future you imagine?

Are these the leaders that you wanted?
Are these wars you're settin' up?
Is this some controlled fire like the story of the Flood?
Or did you leave the seventh day and hope we get it right?
Obviously didn't happen, show me how to spread the light
I'll be the messenger if there's a message sent
I'm just a man, don't know what I'm up against
But I'm tired of you not playin' your part
We need you now 'fore we tear ourselves apart, yeah

I'm goin' crazy right now
My vision hazy right now
I light one up so I can calm down
I light one up so I can calm down
I'm hopin' that you'll maybe come down
Got some explainin' to do right now
I got no love for how you actin'
Is this the future you imagine?

May I offer some advice?
I'm gonna show you something in this next dive
Look in, not out
