

Push Your Luck

Abstract

Hey, hey, hey
Hey, hey, hey

People always said don't push your luck, ayy
But if I don't, then someone else will level up, no
To those who said I wasn't capable of much
I'd like to thank you for your input but it's time I interrupt,
woah

Know this don't come with a 401
That's creative 101
Actin' like they knowin' someone that I don't (Yeah, yeah)
Truth is, more I'm goin' up
The more that I'm feelin' down
I'm just out here tryna go
All my chips in, leavin' at the table
I'm nauseous
If you made my beds, you would die, kinda toxic
To be bettin' everything you are on what you wanna be
I hope that the seeds I'm plantin' grow to bear the fruit I need

People always said don't push your luck, ayy
But if I don't, then someone else will level up, no
To those who said I wasn't capable of much
I'd like to thank you for your input but it's time I interrupt,
woah
People always said don't push your luck, ayy
But if I don't, then someone else will level up, no
To those who said I wasn't capable of much
I'd like to thank you for your input, it's time I interrupted
