Abstract

(52% complete)

But you can score too?
Please, not without me you couldn't
And it just keeps getting weirder
Alright, who is this?
I'm you; you're me-what's the difference?
Your main concern should be what are we doing here?
We just woke up in some sci-fi channel episode
Encased in who knows what
Can you move? Why are you not freaking out?
I was, but I figured I just have to wait it out
It could be a nightmare but she doesn't seem to want to hurt me, so
So you're just gonna take it?
Does she even have a clue who we are?
Abstract-headed home from creating our album overseas
The constant disrespect is baffling
Between this, the bouncer back home
Our ex with the rumors
Wait, wait, wait-ex with the rumors?
That was you? I knew that wasn't me!
You've been here the whole time!
And I'm gonna be here for the rest of time
Just without you

Local kid went global to the universe
Got the best timeline in the multiverse
Time is nothin', I could stretch it, live forever if I need
Switch dimensions in a second like I flow up on a beat
I'm a manifesting energy
All seeing entity
He who they pretend to be
Knew that they would send for me
They better come equipped though
(Target acquired, I'm taking a shot)
Too slow

Ego takin' over now-hard to never let it out (oh yeah, yeah)
I try not to let it show, it ain't what I'm really 'bout (oh no, no)
They say quicken up your flow, I'm about to air 'em out (okay, -kay)
Forgive me what I'm 'bout to do, Abstract goin' wild
Told you I was movin' units overseas
Money trees sproutin', 'bout to overseed
So lit, you can't water me
What does water mean?
Meaning can't ask, "What are you doin' these days?"
If you ain't heard, you a damn liar
Your pants need a damn firefighter
Go fly a kite, hope the lighntnin' fry ya

Local kid went global to the universe
Got the best timeline in the multiverse
Time is nothin', I could stretch it, live forever if I need
Switch dimensions in a second like I flow up on a beat

Think you on my level though?
I ain't playin' with you, ho
Look at everything I did

I'm the reason you exist
I'm your heart and I'm your soul
I'm the reason that they know
You're a product of a hole, tried to fill it with my goals
Abstract was a damn mask when the dark times took ahold, yeah
You were tryna go and cry about it, I got busy 'fore you learned to write about it
Look at you and how you're livin' now
This is what I get for bailin' out?
Remember, we were in your parents' house
You were heartbroken, a pathetic child
Lucky that I spoke up for you, lucky that I woke up for you
I was confidence when you had none
You weren't bullets, I am just the damn gun
I'm your hitman with the hits, man
I'm the product of when the shit hits fan
I am uncensored, I am unchained
You are body locked, you are manmade
I am free-flowing poetry in motion
I am intuition, leader of the mission

I'm a blessing to you!
I got a question for you!
What would you be?
What would you be without me?
Easy as this-I know you'll never agree
But honestly, I would be free-you were the ego in me

What is your end goal? What are you gonna get out of this?
I'm taking over, your passive ass is done here-you got me done!
And how do you suppose you'll do that?
Easy!
