

# The Everett Interpretation

## Abstract

Everything in that upload, is it all... is it all true?

It's a version of the truth, as all truths are.

So you think I was lying?

Not at all, this is the truth from one version of you.

One version... what are you, what are you talking about?

There is much you don't know about my ship. How it works, more precisely "where" it works but you will learn. We have a long journey ahead of us. There is one thing you're right about, regardless of how you may feel after digesting all of that. You've still got the best timeline in the multiverse.
