

## Time (Interlude)

### Abstract

I'm not who I used to be but then again neither are you  
There's a lot of things we seen since then  
A lot of things that we've been through

Time, time, time  
Time ticks away  
Time, time, time  
Who we to wait

I'm not who I used to see but then again neither are you  
There's a lot of things we seen since then  
A lot of things that we've been through

Time, time, time  
Time ticks away  
Time, time, time  
Who we to wait
