

# V.I.T.R.I.O.L

Absu

They stare towards the heart  
They stare at the stone  
He'll upend the plate of angles;  
She'll upend the plate of angles  
V dashes of Mercury  
And Asarus Alchemy  
Will channel V archangels... V archangels

"In the Sun we remember;  
In the planets we forget  
We've come unto a hall and Asaru is who we've met"

Huluppu roots are forked  
Like veins in a canny hand;  
Their leaves have scuttled  
In spiraled force  
A VI fold nova,  
Fleurs de lys...  
V cards are placed in the hand of the course.

"O' Abyssia we recall;  
In spiraled force, they will fall  
Man, staff and the silver gilt key shall take us to  
V.I.T.R.I.O.L."

"Dreamer!" : "Redeemer!"  
"Dreamer!" : "Redeemer!"  
"Dreamer!" : "Redeemer!"  
"The Abyss!" : "V.I.T.R.I.O.L.!"

Their Universe...  
It's constantly changing,  
And every change in force  
It's constantly dying.  
Svaddisthana:  
Sakkyā-ditti  
Rearrange V cards, yet are they lying?

Closing verdant curtains  
Closure is the apex;  
One curve is the asp,  
But the snake is a path in light  
These twins are emerging,  
Geminis still verging,  
Yet Atu still carries the knife.

[Repeat Chorus II]
